II. Waiting Application Instructions:

- 1. For the fall semester 2026, students who have already been assigned a room must report to their respective dormitory and formally give up their bed before they can be placed on the waiting list.** If the process is not completed, it will be considered an unsuccessful waiting list application. If you are selected for the waiting list, it will not be considered as a dormitory change during the semester.
- The waiting list process will begin with a lottery, followed by the selection of dormitory preferences and room assignments. Students who are assigned a dorm room through the lottery may proceed with arranging roommate (optional) and selecting the dormitory they want. Since the available beds are scattered and distributed across various dormitories, it is recommended to directly select preferences. Students may choose up to three preferences. **If no preferences are selected or the information is incomplete, the system will assign a bed based on availability.**
- Students with disabilities are kindly requested to provide proof of disability identification card, and students from low-income families are kindly asked to submit a certificate of low-income status issued by the local government. Students of active-duty military personnel must provide a military ID, along with a household registration transcript or ID showing the parent-child relationship. Please scan and send these documents to the center's email address¹ for review.**
- If the household registration information does not match the original documents, please provide a copy of the household registration transcript (to confirm that residence has been established for over one year, with no missing details).
- The center reserves the right to make any changes or additions to this announcement, which will be shared through the center's official channels.
